Consumer-to-Business (C2B) Method for Consolidating Consumer Powers in Activating Market Economy

Abstract of the Disclosure

5 A consumer-to-business method by utilizing a secured network to consolidating
consumer powers in grouping purchase orders through the global computer network along
with the actual franchised stores, centers, and physical locations, to negotiate with the
producers or the suppliers for the goods or services requested, provides channels to
Consumers to combine their orders together for negotiating with the manufactures or the
suppliers for the goods or services requested and consolidating the purchasing powers of
10 consumers from global computer network. The consumer-to-business method includes
steps of purchasing in a huge volume and discounts, testing the marketability on newly
designs and patents, and developing new deigns and product in a much more faster and
reasonable manner, wherein consumers can express their common needs and interests for
particular products and services and form an influence and take an active control in the
15 economy.
